

Youth Advocacy

The Youth Bureau has a prevention program that works with at risk youth and their families. We work toward supporting the family, helping them stay together and at home. We work with the family to improve the quality of decision making for children with emotional and behavioral disturbances.

HOW DOES THE YOUTH BUREAU CONTRIBUTE TO THE COMMUNITY?

The Youth Bureau assists in developing and funding programs which encourage youth to become involved, develop a sense of responsibility, and make a positive contribution to their community.

Throughout Greene County, cultural and recreational opportunities are provided to build character and encourage physical, emotional and intellectual growth.
